## Raman Frey Tastemaker

is thrilled by ambiguity

Neighborhood: SOMA

Gig: Gallerist, [Frey Norris](#)

**SF is...** a dream come true of diverse, hyper-intellectual, creative overdrive, techno-forward, culinary and mixology perfection in a natural splendor wrapping.

**Where does everybody know your name?** [Yerba Buena Center For The Arts](#).

**What's your secret spot in town?** Can't tell you number one, but number two is Deadman's Point on the [Land's End Coastal Trail](#).

**What's your favorite San Francisco institution?** [The Sentinel](#) sandwich shop is pretty high up there, but [Delfina](#) pizzas could be dinner every night (or pasta at [Quince](#)).

**If you can change one thing about San Francisco, what would it be?** Convert the gratuitous obstructionists to curiosity and a love of innovation (and maybe remedy some of our analysis paralysis).

**What event will we find you at this week?** At the [Frey Norris Grand Opening Celebration](#) tomorrow, Saturday Feb. 26, from 4-7 p.m.
